Submits reply to the Collector of Kanara re the control of food grains and chillies.

Copy of letter No. 9533 dated 4th February 1919 from the Collector of Kanara, to the Deputy Commissioner, Shimoga District

have the honour to state that the people of Siddapur in this District complain that carts loaded with grain, chillies, and other commodities from Hirekerur, Byadgi and other places in the British territory are detained in Sorab and Shiralkop Talukas of your District through which the carts must pass for reaching Siddapur. on the ground that export of grain from Mysore State is prohibited. The Mamlatdar of Siddapur reports that the complaint is reported to be true.

I have therefore the honour to request that you will kindly issue orders to the local authorities of the aforesaid places not to cause any obstruction to through traffic passing from British Territory to British Territory . Otherwise, certain places in this District which are dependent upon Byadgi and other markets will be unable to get provisions.

An early reply is requested.

Sir,

I have the honour to acknowledge receipt of your No. 9535 dated 4th February 1919 just received to-day regarding the complaint of the people of Siddapur in your District as regards the control of food grains and chillies in Mysore territory.

With reference to the above I have the honour to state that I have issued orders to all officers under my jurisdiction not to cause any obstruction to through traffic passing from British territory to British territory as you desire, only I fear that in carrying out this order , a few specific rules appear necessary in order to prevent clandestine export of the Mysore articles which alone are now prohibited. I would therefore request you to kindly issue instructions to your people to obtain, at the place of [illegible] into my district from My Obkad Office[illegible]

a certificate stating that a particular quantity of grain or other commodity has passed through the Ookad that day which is for transport through Mysore territory into North Kanara via Mysore Ookad at so and so. My Ookad officials have been issued instructions to issue these certificates to those that ask for them.

It will be the duty of your people to provide themselves with these certificates and hand them over to the Ookad Manager at the place of exit from Mysore and show the certificates to the Police and other Officers who may ask to verify the fact of the commodity being on through traffic from British India via Mysore territory.

I have the honour to be,

OFFICE OF THE FOOD CONTROLLER IN MYSORE,

Bangalore, 15th February 1919.

From

K. Matthan, Esq., B.A.,

Food Controller in Mysore.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore.

Sir,

I have the honour to state that the Deputy Commissioner of Shimoga has forwarded to me a copy of his letter No. H.C.6 of the 12th instant to Government enclosing copies of correspondence between the Collector of Kanara and himself in regard to the transport of grains and chillies from Hirekerur, Byadgi, etc. of the Dharwar district through Mysore territory into Siddapur taluk of the North Kanara district.

There is, of course, no objection to through traffic from one part of British India to another part of British India being allowed to pass through Mysore territory. In fact this will come under the rule laid down that exports of grains may be allowed as against the import of an equal quantity But, it is necessary that under cover of such permission grains should not be taken away from the Mysore State to British India. The arrangement made by the Deputy Commissioner of Shimoga, viz., to allow the export of grains on the certificate of an Ookad officer that it was brought in from British territory by

by way of the ookad does not appear to be ~~satisfactory~~ sufficient as it would be very easy for dishonest traders to obtain such certificates from the ookad officers who are after all poorly paid officials. In my opinion it is necessary that carts coming from the Dharwar district and going to the North Kanara district should be covered by a pass from an officer not lower in rank than the Mamlatdar of the place of export. If the Government agrees in this view, I have the honour to request that suitable instructions in this behaf may be given.

I have the honour to be,

Sir,

Your most obedient servant,

Food Controller in Mysore.

1906

Sir,

With reference to your letter No. H.C. 6 Rev. 18-19, dated 12th February 1919 on the subject of the transport of grains and chillies from Hirekerur etc. of the Dharwar District through Mysore Territory into Siddapur Taluk of the North Canara District, I am directed to state that there appears to be no objection to through traffic from one part ~~of the same~~ of British India to another part of the same being allowed to pass through Mysore Territory. But it is necessary to see that under cover of such traffic grains are not removed illicitly from the State to British India. The precaution proposed to be taken viz., to insist upon the certificate of an Ookad officer that it was brought in from British Territory by way of the Ookad is not sufficient. It is essential that carts coming from the Dharwar district and going to the North Canara District should be covered by a pass from an officer not lower in rank than the Mamlatdar of the place of export I am therefore to request that necessary action may accordingly be taken in Consultation with the Collector of North Canara District.
